Council has recently had some enquiries regarding the new roundabout on the corner of Dodgin/Goldie Streets and the resealing of the road. This process is likely to occur during September, dependant on the weather. The current weather conditions would not be suitable for resealing the road, so this will happen once we get some warmer weather. I appreciate this may be taking longer than some people would like, but Council also wants to take the time to get it right. I’m sure we will be better for it in the long run.

It was great to be a part of the Sea FM Spotlight on Somerset last week to celebrate the completion of the latest stage of works for the new-look CBD. I think the CBD is already looking great and once the canopy goes in, it’s going be something unique for Somerset. With the shared pathway from Burnie to Wynyard coming in, I think we will see more and more people stopping in Somerset along the way, which will be a boost for local businesses.

Nominations for this year's Tasmanian Community Achievement Awards close on Wednesday 23rd August 2017. The awards celebrate the community contribution that individuals, businesses and groups make in assisting others. I would like to encourage locals to consider nominating an individual, business or group who is helping to reshape and inspire our community. If you know someone that has provided support and made a real difference in your life, why not give them a pat on the back and nominate them for an award. To submit a nomination, simply go online to www.awardsaustralia.com/tascaa and click ‘Nominate Now’.
