AS you may be aware, last week Council placed a 5 tonne load limit on a section of Port Road at Boat Harbour Beach to minimise the risk of exacerbating a landslip. A partial road closure and redirection of excess water has also been put in place. No more than two (2) cars are to pass through the affected area at any one time. Under the advice of the Council’s consultant geotechnical engineers, works commenced last week to remediate the damaged section of road. At the time of writing it is intended that the road will remain open with the current controls in place, however, Council cannot guarantee continued access. Accordingly residents need to make a decision to park their vehicles above the impacted section of the road should they wish to do so. Vehicles will need to be parked safely at a distance of at least 200 metres uphill from the traffic lights in publicly accessible areas. A reminder that these arrangements would be at your own risk. For more information please visit www.warwyn.tas.gov.au or phone 6443 8351.

Local community groups and organisations are advised that applications for Community Activation Grants and Event Sponsorship in the 2016/2017 financial year round one, are now open, with applications closing at 5pm on Friday 26 August 2016. Application forms and policy guidelines are available on request from the Council Offices at Wynyard and Waratah or may be downloaded on Council’s website. For more information please contact Chantelle French on 6443 8320.
