Wynyard and a number of surrounding areas will be affected by a retuning of the free-to-air television channels next Tuesday (17 June). The change will affect all free-to-air channels except SBS and will change in Boat Harbour Beach, Flowerdale, Mount Hicks, Oldina, Wynyard and Yolla. The retune only affects those receiving the TV signal from Table Cape. Retuning is a relatively easy thing to do and there is a video and guide available on the Digital Ready website at www.digitalready.gov.au/retune. The retune needs to be done after 3.30pm next Tuesday or any day after. If you have any questions please visit the above website or phone 1800 20 10 13 between 8am and 10pm, seven days a week.

Planning for the Bloomin’ Tulips Festival is well underway with a call out for both volunteers and sponsors for this year’s festival. This is a great event and will this year it will be further enhanced by the addition of a colour run. The colour run is a 5km run that will see runners doused with different colours at every 500 metres of the race, and it’s all for a good cause with funds raised going to beyondblue. This event will complement a number of other regular features such as the Mayoral Ball and the festival itself, which has become a highlight for our municipal area. For more information on any of these opportunities or the colour run please visit either www.bloomintulips.com.au or www.facebook.com/BloominTulips
