Council has been undertaking maintenance of Anzac Park at Somerset. This work has been undertaken due to the fact that most low / small growing natives usually have a 10 year life span. Council's Parks team is only removing plants that are virtually dead or dying, cracked open and collecting rubbish under them. Council's Parks has replanted the area with eucalypts, to keep the area between the walking track and railway line consistent. In regards to future plans in this area put forward by the Somerset Surf Life Saving Club, Council intends to continue looking at this issue and will work with the club and Somerset community to achieve a positive outcome.

Council will be temporarily closing a section of Table Cape Road tomorrow (13 August 2014) to allow for the removal of a tree in a safe manner. Council advises that due to these works, there may be traffic delays of up to 15 minutes throughout the day. These works are scheduled commencing at 8.00am, weather permitting. If you have any queries regarding this matter, please do not hesitate to contact Parks and Recreation Coordinator Wayne Flint via 6443 8351.

Registration forms for the Bloomin Tulips Festival Colour Run are now available. This will be a colourful way to start celebrations as part of the festival while raising money for an important cause. For more information or to register simply pop into Council or visit [www.bloomintulips.com.au](http://www.bloomintulips.com.au)
