In early February several members of the Women of the World multicultural group painted three benches which have been placed in the Wynyard Cemetery. Scenes on each bench reflect on part of our life cycle and provide a reference for reflection and remembering family and friends who are no longer with us. On Monday next week (21 March), which is also Harmony Day, I will be dedicating these seats. Please join me and Women of the World members at the cemetery from 2.30pm.

I wish to remind residents that the Cradle Coast Waste management Group has recommended recycling assessments across the North West Coast. This process sees recycling bins assessed at random with residents provided with information on how you are going with recycling. Contamination can cause a number of issues so for more information and what can and can’t be recycled please contact Council or visit www.rethinkwaste.com.au

Online registration for this season of Wynyard Auskick is now available. Parents are able to register their children via http://www.aflauskick.com.au/. The season starts on Sunday 3 April from 9.30am at Wynyard High School. Through weekly coaching sessions with coaches and coordinators your child will learn the skills of the game, be part of a great team and play non-contact AFL games with their friends. There will also be a number of skills/training sessions prior to the season starting. Please phone Darren Smith 0438 114 996 for more information.
