Council is seeking the feedback of Sisters Beach residents and others in regards to safety concerns with speeding in the area. While speed humps have been put forward as one suggestion, other speed limiting devices and/or an education campaign may be more appropriate. Following discussions between Council, the Department of State Growth (formerly DIER), and Tasmania Police we now invite feedback to the help alleviate community concerns. To view a fact sheet and survey questions please go to www.warwyn.tas.gov.au/yoursay. Feedback can be provided until 4pm Friday 12 September.

Council will be undertaking a kerb and channel upgrade on Austin Street, Wynyard between Inglis and Park streets for about the next four weeks (weather permitting). Council’s Urban Works team will make every effort to ensure minimal disruption to residents and other road users during this time. Any concerns or enquiries can be made with Paul Whitsitt via 6443 8351.

The Parks and Wildlife Service is looking for volunteers for walking track maintenance at Cradle Mountain. PWS is looking to organise teams of about five or six people to help get the tracks ready for the summer visitors. Participants will need to have some bushwalking experience and a good fitness level. Parks will be able to provide accommodation (very basic) at Mt Kate, Amaroo Cabin, Police Hut and the Trackie’s Camp. Tools and safety gear will also be provided, but participants will need to provide their own food and walking gear. For further information or to register your interest please contact Stephen Mansfield on 0428 576 229 or email Stephen.mansfield@parks.tas.gov.au
