Hi all,

Please find attached meeting notes from our meeting on Monday. These may not be as accurate as the first meeting, as I was more involved in discussion this time around.

I have also attached some information provided by group members.

I think the focus for the next meeting should be presentation of data on which we can make informed decisions, and lifting our sights a little bit. Leanne's comment that we shouldn't be dog people versus penguin people, so it would be good if we can look through the lens of a whole of community representation.

Thanks for all your input to date.

Ashley
