Mayor's Welcome

As the Mayor of the Waratah-Wynyard municipality it is my pleasure to welcome you all to the 2023 Spring Loaded program.

The Tulip Festival is an opportunity for the community to come together at a time when the countryside proudly blooms with Spring colour. For over 30 years we've enjoyed this tradition, each year better than the last.

This year we welcome new attractions, new musicians to the main stage in Gutteridge Gardens and our favourite local producers to our popular Food Street. The attractions have literally taken off across the town with Foreshore Market treats, helicopter rides over the Cape and performances at the Watershed.

We are especially proud this year to have an *Eco-Village* for the first time which will have fun activities and learnings for the whole family. Sustainability and the arts are also celebrated with clever craftsmanship on show across the program. This new event is a result of recommendations from Council's Sustainability and Environmental Advisory Panel.

Across the month, the calendar is Spring Loaded with something for everyone. From the new *Kids on the Cape* running challenge on Table Cape to open farm days across the countryside.

Pickle ball tournaments, whisky tastings, Drive in Movies and play groups, there's bound to be an event for everyone to enjoy this Spring as visitors and residents alike experience the natural beauty and 'agricultured' essence of our towns and our region.

Thank you to the volunteers, clubs, groups, and local businesses who generously support our community by helping to create a fabulous month of fun for everyone!

We hope that you will join us and we look forward to seeing you.

Mary Duniam
Mayor of Wynyard

We acknowledge, with deep respect the traditional owners of this land, the palawa (Tasmanian Aboriginal) people as the Traditional Owners of lutruwita (Tasmania). Sovereignty has never been ceded. It always was and always will be, Aboriginal land. The palawa people belong to the oldest continuing culture in the world. They cared for and protected Country for thousands of years. We remember and honour their Elders, past and present and Tasmanian Aboriginal people as the continuing custodians of the rich cultural heritage of lutruwita.

Hi! I'm your neighbourhood tree... Leaf me a post?

My name is **Quercus robur**, but my friends call me English Oak.
I've been a local resident of Wynyard for around 150 years
I'm so old I can't remember my birthday!

I'm going out on a limb to say my job here is pretty important...
I provide shade, oxygen and JOY for locals and visitors alike.

I've leafed an impression on my home at Little Goldie Street for many seasons,
but now I want to hear some of your tree love.

So please branch out and tell your stories about me, it wood be lovely to hear them!

Email your tree love (stories, appreciation posts, general love letters) of this gorgeous oak to:
treemail@warwyn.tas.gov.au

Oak in Time

As humanity declined
you grew
they marched stoically by
you knew
others would cry and reflectively sigh
under your great green frame
but together each time you in unison sing
as the tepid spring zephyrs steal by

Dear Tree

I love you

OUTSIDE THE LINES

When everything seems to be going against you, remember that airplanes take off against the wind, not with it.

Henry Ford (a real social influencer)

Have you ever thought about what life would be like without the innovation of Henry Ford and other leaders in the world's automobile industry? Visit our world-class collection of veteran cars (which includes the equal oldest Ford in the world), and wonder at the beauty of the design, technology and innovation that helped shape society as we know it.
